

# **CHILDREN'S URGENT CARE CENTER**

**J.S SURPURE, M.D., F.A.C.E.P., F.A.A.P.**

As a courtesy for parents, Children's Urgent Care & Pediatric clinic is seeing adults on episodic Urgent Care basis. This will include minor conditions and is not intended to be a replacement for the emergency room for emergent care (i.e. strokes, cardiac chest pain, and psychiatric emergencies). Ultimately, it will be determined by the provider if the condition should be cared for in this setting. We have included a list of conditions that we regularly treat for and some that we would recommend care elsewhere.

## **Please circle what we are seeing you for today:**

- Skin infections(i.e. eczema, boils, and Shingles)
- Sexually Transmitted Infection lab workup
- Fever TB skin testing
- Ear/Eye infections Simple laceration repair
- Acute/Chronic allergies Nausea
- Throat/Sinus infections Constipation
- Acute Asthma Orthopedic Injury/X-ray/ Splinting
- Lower respiratory infections Cough/COPD
- Urinary tract infections Yearly Physicals w/ Lab work up
- Limited adult vaccines(i.e. TDAP/tetanus, Flu, Pneumonia, Shingles, Hep A/B depending on stock)
- Chronic condition treatment (i.e. hypertension, hyper cholesterol, Diabetes, asthma)
- Pain management (UNDER CERTAIN CIRCUMSTANCES) Anxiety/Depression consult
- Weight management Smoking cessation program
- Immigration Physical, Labs, and X-ray B-12 injections Allergy testing

### **Conditions or situations for which we are NOT seeing adult patients**

- Pap Smear
- Pregnant women requiring treatment for any condition
- Cardiac chest pain
- Stroke Symptoms
- No worker comp
- Substance abuse related issues such as treatment for dependency or relapse
- Suicidal or seizures
- any condition requiring Emergency room
- Any condition the provider deems is not for this setting

**\*WE DO NOT ACCEPT ANY MEDICARE PLAN\***

I have read, understand, and agree to the above conditions:
